Gentlemen:

As cashier of the establishment in which I work I handle considerable moneys, and I am rather fond of watching for old coins, and am wondering if you can advise me where I can secure a list of the value of old coins, as I have several on hand at the present time, for instance 1854 quarter, 1844 quarter marked "O", 1868 nickle, and 1853 dime, and numerous others, and I would like to secure a list of the value of old coins.

Thanking you, I am

Yours respectfully,

Lena Loeb

Dear Madam:

Responding to yours of May 30th, there is no such coin book as you desire, nor can there be because of the difficulty in deciding what constitutes the condition of any piece under consideration. Gutttag Brothers, 16 Exchange Place, New York City, does issue a list of United States coins on which they pay a premium, but like all such lists, they underrate the great rarities for the sake of possibly getting them at a fraction of their worth. Their list, however, does indicate what is rare in most cases and as it can be had for about half a dollar, I would advise you to write to them for it.

Very truly yours,

Secretary
